## CSCF (Central Susquehanna Community Foundation)

Berwick, PA

Project Date: 2006-Current

Status: Construction Fall 2007

A new two-story office building. The first floor, approx. 6,400 Sq. Ft. will be used by the foundation for their offices and conference rooms.

The second floor will be leased space for one or two other organizations.

The conference rooms are to be designed to allow community groups to use them after hours while not compromising building security. The building is being designed to achieve LEED silver certification, at a minimum. This building is necessary for the community because they do not have any conference rooms for the organizations to meet at this time that are large enough. The building will be a huge asset to the community, not to mention environmentally friendly.

230 Market Street  
Lewisburg, PA 17837
