## Edgewater Cottage

Maryland

Project Date: Current

Status: Under Construction

Renovation and expansion of an existing cottage to create a home for a growing family. A new second floor with three bedrooms and 2 bathrooms is added, as well as a large modern kitchen and deck to the rear. The enlarged home is designed to maintain the cottage feel through careful detailing and massing. The exterior character of the home is expressed through changes of siding materials, horizontal bands of trim and wood brackets.

This home shines even with the constraints of a small site and strict budget.
