## Mifflinburg Residence

Mifflinburg, PA

Project Date: 2004

Status: Design Completed

A 1,800 SQ. FT., three story addition off the back side of the existing home, which is nestled into its own private valley. The first floor of the addition will give the owners a large family room to enjoy and an office.

The second floor of the addition will be a large, luxurious master bedroom suite with a large private bathroom and his and her walk-in closets. The basement level of the addition will be unfinished storage space. Along with the addition off the back of the home they will also be adding a 155 SQ. FT. formal entry way off the front of the home and a 180 SQ. FT. informal mud room off the right side of the home.

There will also be some minor renovations to the existing second floor.

The renovations will also include separating the existing master bedroom into two kid's rooms and converting the existing laundry room into a second bathroom for children or guests.
